Letter of recommendation for Allan Nielsen Hadzimahovic

Frederiksberg, March 7th, 2022

Dear recipient,

I am writing this letter to support Allan Nielsen Hadzimahovic's application for your scholarship. I got the chance to teach him in his 1st and 2nd semester at the BSc in Business Administration and Project Management program, Copenhagen Business School.

In the first semester, I taught Allan in the course Fundamentals of Project Management. He was always well prepared for the classes and participated actively in the theoretical discussions of the texts as well as in the exercise classes. He listened actively and engaged in group discussion with his peers in a respectful and constructive manner.

In the 2nd semester, Allan together with his study group, stood out with their 1st-year-project. They produced an assignment analyzing the difficulties the project COOP-Klima-App incurred in connecting to getting financed, gaining legitimation and resources in COOP. When defending his thesis, he showed great empirical argumentation as well as critical thinking. He demonstrated great understanding of the literature as well as a good ability to apply it to a case from the real world. His 1st-year-project is now being used as an inspiration for my new students in their process of writing their 1st-year-project. Allan has also willingly accepted to come by one of my lectures to present his assignment to the new students as well as answer their questions.

I am confident that Allan has a lot to contribute with in his exchange year in Tokyo, as well as engage actively in the study environment. You can contact me on sp.ioa@cbs.dk if you have any questions.

LETTER OF REFERENCE FOR ALLAN NIELSEN HADZIMAHOVIC

To whom it may concern

I am writing this letter at the request of Allan Nielsen Hadzimahovic. I have had the pleasure to teach Allan in the spring term 2021 as lecturer of the course Risk, Decision and Ambiguity at the Copenhagen Business School. In the course, we have covered the nature of uncertainty in organizational settings, and decision making theories mainly from behavioural economics and organizational decision making. The class was in English and fully online due to Covid19 restrictions.

It was a pleasure to teach Allan. I would like to point out to three of his key strengths. First, Allan frequently participated in class discussions. Despite never meeting him in person, and teaching courses with large number of students (I taught over 200 students in that term only online), I remember Allan, our conversations and his intelligent questions and reflections. His contributions were valued and valuable, triggering insightful discussions in the class.

Second, Allan received the highest grade for the course – 12. His grade was based on her thorough understanding of the concepts of the course, and his ability to integrate theories between different courses in the analysis of a specific project case. The evaluation took place as an oral examination, based on a group analysis of the case. His group studied the frontend of a project called “Coop Klimaaftryks Funktion”. The empirical study explored how the project gained legitimacy despite its more unconventional character. It was an excellent analysis.

In summary, it has been a pleasure to teach Allan and I wish him all success in his application for Keio University - Faculty of Economics. Please do not hesitate to contact me if you require further information.

Best regards,

Joana Geraldi

Letter of recommendation

To whom it may concern

I am pleased to write this letter of recommendation to a former student of mine, Allan Nielsen Hadzimahovic. Allan attended my course Management Accounting and Projects in the fall of 2021 as part of his B.Sc. in Business Administration and Project Management at Copenhagen Business School. The course is a basic management accounting course that focuses both on the management of companies as well as the management of projects.

Even though I have only known Allan for one semester, I have come to know him as a dedicated and skillful student. Allan came well-prepared to class, contributed actively to group exercises and in-class discussions, and solved the course's home assignments outstandingly. Allan ended up with the second-highest possible grade of 10, which is granted for a very good performance displaying a high level of command of most aspects of the relevant material, with only minor weaknesses.

In closing, I would like to emphasize that I perceive Allan to be an open-minded and hardworking person, who has a positive attitude to learning, and who works great with others to solve assignments. It has been my pleasure to have known him, and I am positive that he will contribute both socially and academically to any university and/or course that he attends.

I am delighted to give Allan my warmest recommendations.

Yours sincerely,

Tim Neerup Thomsen

Anbefaling

Allan Nielsen Hadzimahovic har i flere henseender været en trofast og stabil samarbejdspartner med Frederiksberg Sundhedscenter. Vi har samarbejdet med Allan om Sundhedsdagene på Frederiksberg i 2017 og 2018, ved alkoholforebyggende tiltag samt i forbindelse med partnerskab mellem Falkonergårdens Gymnasium og Frederiksberg Kommune om bedre sundhed og trivsel blandt unge.

Allans arbejdsopgaver har været udvikling, koordinering og afvikling af centrale events, *Falkochef 2017*, *FLYT sUnD 2018* og *alkoholfri morgenfest*. Allan har samarbejdet med erhvervsliv og andre kommunale samarbejdspartnere, samt promoveret events og skabt interesse for deltagelse blandt unge. Derudover har Allan bidraget til at kvalificere en mere strategisk og systematisk forebyggelsesindsats på Falkonergårdens Gymnasium.

Allan tager nemt tovholderopgaven på sig og er meget bevidst om sit ansvar. Han arbejder med sans for opgavens formål, indhold og form og er god til at koordinere opgaver i en gruppe. Derudover er Allan god til at stille spørgsmål og komme med bud på forbedringer og løsninger, hvis der er behov. Allan er god til at være opsøgende og gå i dialog med samarbejdspartnere. Allan løfter samtlige opgaver fornemt og bidrager til en god stemning i opgaveløsningen.

Jeg kan ikke andet end at give Allan Nielsen Hadzimahovic mine varmeste anbefalinger og står gerne til rådighed for eventuelle spørgsmål.

Velgørenhed til fordel
for Hjertereforeningen

Allan deltog med sin frivillige arbejdskraft ved PULS 2018 – et velgørenhedsarrangement til fordel for Hjertereforeningen; med særlig fokus på Unge & Sportsfolk. Allan bidrog både som en del af eventteamet, men også som hjælper før & efter med diverse praktiske gøremål.

Allan stillede op vederlagsfrit og var igennem hele forberedelsen, - samt på dagen og efter, - en helt utrolig støtte og hjælp. Med sit positive humør, sine dygtige egenskaber som menneske og med en stor portion empati, fik han alle i teamet bag PULS til at føle sig godt tilpas. Han formåede i stressede situationer at holde overblik og bl.a. med en lyttende tilgang, var han med til hurtigt at overbringe budskabet til rette vedkommende, hvilket var stort medvirkende til at PULS 2018 blev en succes.

PULS fik samlet 250 gæster på Falkonergårdens Gymnasium, - & HF lørdag den 2. juni 2018 og blev sendt i direkte landsdækkende tv på DK4. Det var en stor logistisk udfordring, både for folk bag scenen samt på gulvet med gæsterne. Ved PULS arbejdede Allan sammen med dygtige professionelle artister og værter, en masse sponsorer og eventfolk som alle har givet udtryk for stor tilfredshed med netop Allan og hans tilgang til tingene.

Allan er en dygtig arbejdskraft som alle i PULS-teamet har nydt godt af. Han har fået roser med af alle; herunder dygtige eventfolk, som til dagligt arbejder med nogle af landets største events - samt Tv-folk; som véd hvad det kræves for at en produktion / event skal blive en succes.

Herfra skal der lyde de bedste anbefalinger. Allan Hadzimahovic vil være en gevinst for enhver der ønsker at tilknytte ham og jeg ønsker ham alt det bedste fremover.

Velgørenhed til fordel
for Hjerteforeningen

Allan participated voluntarily at the event PULS 2018 - a charity event in favor of Hjerteforeningen (Heart-association). Allan contributed as a part of the event-team but also helped with practical aspects before and after the event.

Allan participated free of charge and was throughout, - and on the day and after, - an incredible help. With his positive mood, his competent qualities as a person and with a great deal of empathy, he made the team behind PULS 2018 feel comfortable. He managed to keep a broad view of things even in stressed situations which was important in order to make PULS 2018 a success.

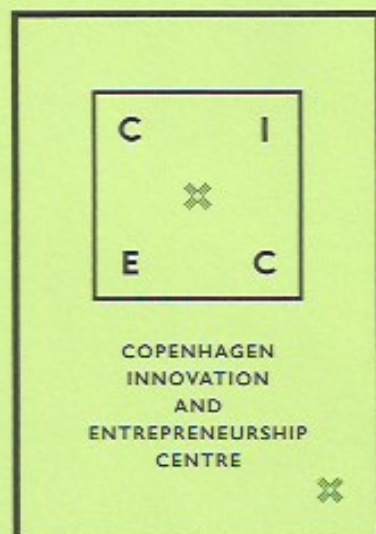

PULS gathered 250 people at Falkonergårdens High-school, & HF Saturday the 2. June 2018 and the event was sent live on the national channel DK4. It was a great logistic challenge, both for the people on and behind the scene. At PULS, Allan worked together with many great artists and hosts, many sponsors and event-people who expressed great satisfaction with Allan and his approach.

Allan is good manpower whom everybody in PULS has enjoyed. ...

From here, you will hear the best recommendations. Allan Hadzimahovic will be a profit anyone who wishes to work with him and I wish him the best in future.

HAR GENNEMFØRT DET ETÅRIGE TALENTUDVIKLINGSFORLØB SOM ELEV PÅ COPENHAGEN INNOVATION AND ENTREPRENEURSHIP CENTRE.

Forløbet har koblet teori med praksis og givet deltageren kendskab til en række grundlæggende innovationsmetoder og -værktøjer, samt givet deltageren evnen til at sætte disse i spil i arbejdet med at løse forskellige innovations- og samfundsrelaterede udfordringer for virksomheder og organisationer, fx Københavns Kommune, Urgent Agency og OK.

Det etårige program har taget afsæt i at træne deltageren i følgende fem innovationskompetencer: KREATIVITET, HANDLEKOMPETENCE, NAVIGATIONSKOMPETENCE, SAMARBEJDSKOMPETENCE OG FORMIDLINGSKOMPETENCE.

På dette afsæt har deltageren opøvet en række faglige og sociale kompetencer, der sætter ham/hende i stand til:

- ✕ at applicere forskellige metoder på innovations- og samfundsrelaterede udfordringer.
- ✕ at handle ved at orientere sig i omverdenen, herunder at afsøge forskellige tilgange til problemløsning samt at indhente viden gennem empirisk arbejde.
- ✕ at udvikle nye ideer til problemstillinger i relation til forskellige faglige innovationsfelter og -temaer, eller til løsningsforslag i relation til aktuelle virksomhedsudfordringer.
- ✕ at afgøre og begrunde hvilken viden og hvilke informationer, der er mest relevant at trække på i arbejdet med den aktuelle problemstilling og/eller kontekst.
- ✕ at igangsætte, vedligeholde og færdiggøre udførelsen af et påbegyndt projekt.
- ✕ at mestre forskellige formidlingsteknikker samt at formidle kreativt, engageret og overbevisende.
- ✕ at reflektere over processer og egen rolle i projektarbejde.
- ✕ at arbejde med pressede deadlines, overholde deadlines og nå i mål med leverancer til aftalt tid.

Sammenlagt har forløbet på CIEC gjort deltageren i stand til at tage idéer og omsætte dem til handling. Deltageren har opbygget en forståelse for, hvordan man påvirker andre socialt, fået en stor bevidsthed om sig selv og en god forståelse og evne til at skabe en koalition og sætte andres og egne kompetencer i spil i forbindelse med opgaveløsning og forskelligartet projektarbejde.
