Profile

Hi! I am structured and collaborative and I bring experience from working in multicultural and international teams. I quickly learn norms and the daily life of new companies, but also have a critical approach to see if things can be done better. I pay close attention to meaning and well-being in the workplace which I hope to bring to your team.

Programming

Programmed in C, C++, C#, Python, SQL

Languages

Danish: - Native

English - Fluent

German - Fluent

Spanish: - Basic

2024-2026 Spring

Certified ScrumMaster®

2025

Copenhagen Business School

BSc in Economics and Project Management,

Ha. Pro 2020/23

WORK EXPERIENCE

TechBBQ - Project Controller | 2024-Today

Working with daily economic operations such as invoicing, liquidity, project reporting, budgeting, procurement etc.

INVIXO Consultancy - Assisting Project Manager | 2023-2024 Jan

Assisting Project Manager in all aspects of our IT- consultancy projects with customers. Ensuring alignment and communication internally and externally as well as being responsible for our task management- and deal registration tool.

Nykredit - Anti-Money Laundering assistant 2021-22

Updating compliance of Nykredit's customers to secure legal and transparent use of Nykredit. I was a part of the MLRO-department and worked together closely with my colleagues.

Hobbii: Customer Service Assistant 2021 Feb. - Aug.

Online interaction with customers on phone, mail and social media - part of an international team helping customers all over the world.

Municipality of Valencia: Office assistant at the European Department 2019-2020. Responsible for coordination, social media management and communication of European Projects "Erasmus+". Worked with administration-, ad hoc-, and odd tasks. Additionally, I was the contact person for the other volunteers, and I taught English to the locals.

Selected work & project experience

2025 June - December

Chess Robot

We designed, 3D-printed and programmed our own Chess Robot in C++ - you can find a video [here](#) and the report [here](#).

2025 June - December

Tower Defense Game - UNITY C#

I build my own Tower Defense Game in Unity in C#.
